

INTERNATIONAL CO-INNOVATION FUNDING CALL

Seeking Proposals for EUREKA Eurostars Call 7

BACKGROUND/DESCRIPTION

The Eurostars programme is Eureka's flagship R&D call, where you can participate in joint innovation projects with more than 45 other countries.

The Eureka Eurostars programme, under the European Partnership on Innovative SMEs, supports international R&D and collaborative innovation projects. Companies from Singapore and any other Eureka member country are welcome to participate and collaborate with organisations of all types – from SMEs and large companies, to research organisations and Institutes of Higher Learning (IHLs) – in leading and emerging markets. The programme is open to projects from all sectors, as long as it results in a new product or solution.

To have a successful Eurostars application you must:

- Define your project idea
- Collaborate internationally, sharing expertise
- Develop products, processes or services that can be easily commercialised

More information about Eurostars and participating countries can be found [here](#).

TECHNICAL SPECIFICATION

Singapore companies must form a consortium with at least one organisation coming from an EU or Horizon Europe Associated Country. No partner should be responsible for more than 70% of the project budget.

The consortium must cooperate on a new product, process, or solution that can be rapidly commercialised in global markets with a civilian purpose.

To be eligible for support, the applicant must fulfil ALL of the following:

- Be a business entity that is registered and physically present in Singapore;
- $\geq 30\%$ local equity held directly or indirectly by Singaporean(s) / Singapore PR(s), determined by the ultimate individual ownership; and
- Be financially able to see a project through to completion.

CALL DETAILS

Interested applicants can submit an interest form [here](#) by **1 September 2024**. Thereafter, Enterprise Singapore will be in touch to inform on the application process.
